## SEE THE DIFFERENCE

### JOB
- Little or no job security with a short-term commitment
- Hourly-based pay with small raises
- Few opportunities for growth or advancement
- Less challenging work

### VS

### CAREER
- Rewarding work with personal and professional growth
- Competitive starting pay with advancement opportunities
- Potential for employer/employee commitment with real benefits, such as health insurance, paid vacation, sick leave, retirement, etc.
- Options for advancement throughout a career

**PROGRAM OVERVIEW**

Motorcycle Technology

- Eight-month core program with 1,000 clock hours of training and lab time
- Training includes: chassis and suspension systems, four- and two-stroke engines, electrical and fuel systems, brake systems, emission control devices, testing and diagnostics, motorcycle service and repair
- Four specialty program options

Marine Specialist

- Eight-month core program with 1,000 clock hours of training and lab time
- Training includes: vessel power transmission, inboard and outboard propulsion systems (both gas and diesel), diesel engines, power generation, marine electronics and personal watercraft
- Become proficient on the fastest speedboats to luxury yachts
- Two specialty program options

*For complete program information, please refer to the school catalog. **All time frames are approximate.
The program wheel is a tool to help you understand the structure of the WyoTech program. The inner ring identifies the core training areas that students must complete before proceeding to their chosen area of concentration. The outer “pie” pieces list some of the various topics and skills students learn in the core coursework. The outer ring identifies potential career options for graduates of the program. However, this is not a guarantee or prediction that you will obtain employment as listed. Career placements and actual job titles can differ based on the concentrations students choose, as well as by industry, market demand and geographic location.*
Sample career progression. Not all graduates will progress up the career ladder as indicated here. Individual levels of responsibility and specific job titles vary by employer need and industry demand.

**MOTORCYCLE PROGRAM CONCENTRATIONS**

**AMERICAN: DOMESTIC**
Learn about an American legend with two comprehensive courses. In *Domestic Engines I and II*, you’ll learn to adjust, inspect and rebuild Iron Head, Evolution, Evolution Big Twin, Twin Cam and V-Rod engines. *Domestic Chassis and Engine Controls* will hone your skills with suspensions, brakes, final drives, electrical, ignition and fuel systems, plus service processes and diagnostics.

**EUROPEAN: DUCATI AND TRIUMPH**
Specialize in your choice of great European bikes by tailoring your program to apply toward Ducati/Triumph Entry Level Certification status. The *Ducati and Triumph* course introduces you to the sophisticated test equipment and approved diagnostic and repair procedures distinctive to each of these world-class marques.

**ASIAN: HONDA, KAWASAKI, SUZUKI AND YAMAHA**
On the road or track or in the dirt, the *Honda and Kawasaki*, and the *Suzuki and Yamaha* courses in this program cover the hottest rides from Asia. These two concentrations thoroughly explore the resources you can tap for information, the techniques for getting the most from advanced test equipment, and the procedures for diagnosis and repair that have earned factory approval for their effectiveness.

**OFF-ROAD POWER**
If you’re into all-terrain vehicles, snowmobiles or personal watercraft, this program’s two courses offer professional-level expertise. *ATV Mechanical Systems and PWC* covers testing, diagnosis and repair of mechanical ATV systems, plus all systems on personal watercraft. *ATV Electrical Systems and Snowmobiles* explores fuel and electrical issues on ATVs, and complete snowmobile repair and maintenance.

**CAREER PATH**

**ENTRY-LEVEL**
0–1 year of experience

THE RIGHT CHOICE FOR YOUR CAREER AND YOUR LIFE

DISCOVER WYOTECH

WyoTech is part of Corinthian Colleges, Inc., one of North America’s leading and well-respected families of private career schools. With 106 schools and more than 67,000 new students a year across North America, Corinthian Colleges’ schools are highly reputable and accredited in the United States, as well as registered as a private career college under the Private Career Colleges Act, 2005 in Canada. Our education is recognized and valued by employers, and so are our graduates. We are dedicated to helping people change their careers and their lives.

DEDICATED TO OUR STUDENTS’ SUCCESS

At WyoTech, we understand what it takes to prepare for a new and exciting career. Our programs are specially designed to provide hands-on training in real-world work environments, so our students are ready to enter the work force with the skills they need to succeed. We’ve helped graduates successfully start their careers and transform their lives. Let us do the same for you.

Our Programs Offer:

Hands-On Training where you can practice with the tools of your new career.

Small Work Teams where you can ask questions and work with instructors who will show you what you need to get the job done.

Experienced Instructors who offer insight, make learning interesting and provide real-world experience.

Class Schedules that work for you, including day and evening classes at most locations.*

Fast-Track Programs that allow you to complete your career training in less time than you think.

Student Financial Planning customized to fit your financial need.**

Career Services Assistance that can help you find a new career upon graduation.

*Programs and schedules vary by campus. **Financial aid available for those who qualify.
CAREER SERVICES

WyoTech doesn’t just help you train for the kind of career you want after graduation. We help you find it. As you get closer to graduation, you’ll work with the Career Services team at WyoTech. They’ll start introducing you to a wide array of resources that will help you start your new career.*

CAREER BUILDING WORKSHOPS

You can get help preparing your resumé and sharpening your job interviewing skills. You can also meet prospective employers and learn more about career opportunities. All students — and WyoTech graduates — can take advantage of:

- Resumé development
- Resumé distribution
- Employer visits
- Job postings
- Career fairs
- Ongoing job placement services for graduates
- And more!

OTHER CAREER RESOURCES

WyoTech also offers some unique search resources for access to the latest career opportunities, including:

- **Strong WyoTech Employer Networks** – WyoTech has a range of employers who are actively looking for WyoTech graduates. These employers value the training WyoTech students receive. You’ll meet many of them throughout your training program.

- **SimplyHired™ Database** – WyoTech students can access this online database to find jobs available across the country. You can even customize your search with these features:
  - Daily e-mail alerts for the job listings you want to receive
  - Geographic searches for the areas you want to work in
  - Searches by company, education and experience
  - Salary information by industry
  - And more!

*Your own hard work, professionalism, experience, work attitude, local market and other factors will impact your personal employment opportunities and pay.
One of the first people who will welcome you as a new WyoTech student will be your WyoTech guide. This trained professional is assigned specifically to you. Your guide knows all about your training at WyoTech and will answer all your questions before you start school. He or she will work with you before classes begin so you’ll be ready to start your training.

**WYOTECH GUIDES**

**HELP WHEN YOU NEED IT**

Your WyoTech representative will introduce you to your WyoTech guide (usually at your first in-home visit). Then your guide will help with everything you need to know or do before you arrive on campus, including:

- Financial aid options, applications and award implications*
- Housing options**
- Welcome events, including campus visits
- Move-in details
- New student orientation
- And more

**COMMITTED, PASSIONATE PEOPLE**

You can call on them anytime if you have any questions. They’re there to help you get answers. And most importantly, they are there to welcome you to the WyoTech team.

“I try to talk to students every few weeks and just before they get to school. I make sure they get what they need in the mail and check in to see if they need any help.”

— Brittany, WyoTech Guide

*Financial aid available for those who qualify. **Discuss housing options with your personal WyoTech guide.
Although the WyoTech Daytona Beach campus does not provide campus-managed housing, our Student Services Department is available to assist you and provide several resources for affordable and well-maintained housing in the Daytona Beach area. Housing options include:

**COMMUNITY-REFERRED HOUSING**

- Student-preferred apartments or local residences that appeal to WyoTech students.
- A wide range of options from single-bedroom apartments to renting a house with other students.
- While not managed by WyoTech, many neighborhood apartments cater to WyoTech students and have served them for years.

**COMMUTER CAMPUSES**

- Many students choose to drive from their current homes each day.
- They save on student housing costs.

Wherever you choose to live while attending WyoTech, you’ll be able to participate in many on- and off-campus events. Once you enroll, you will receive information on housing option.

- Your WyoTech guide will work with you before school starts. They’ll answer any housing questions, review your options and help you sign up for your preferred student housing.
- You’ll also receive more information just before classes start with a checklist of the items you’ll need to bring with you.
WHY PURSUE AN EDUCATION BEYOND HIGH SCHOOL?

More Career Opportunities
Occupations that typically require postsecondary education of some kind are the fastest growing jobs — about twice the rate of occupations requiring only work experience or on-the-job training.¹

More Money
The average individual with some college earns about 19 percent more than a person who only completed high school.²

Return On Investment
The time and money you invest in your education can deliver benefits once you graduate.
- In many cases, the increased earnings after only a year or two will justify the cost of a student's education.
- A $5.00 wage increase per hour equals an extra $10,000 a year.

**SEVEN STEPS TO STUDENT FINANCIAL PLANNING**

1. **Meet With Your Student Finance Planner**
   Together we’ll help you find the best way to finance your education.

2. **Review Your Estimated Program Costs**
   We’ll start by going over what you can expect to invest during your time in school and determine if there will be a need for a co-signer as your tuition financing plan comes together.

3. **Select Your Financing Options**
   Next, we’ll explain the various financing options that are available to you, and we’ll find the perfect match for your situation.

4. **Review Your Required Forms**
   You’ll have a chance to review any required documents, and we can help explain those documents to you.

5. **Ask Any Questions**
   You’ll also have a chance to ask any questions you might have about the process and the financing options that are available to you.

6. **Schedule a Return Appointment**
   Sometimes it can take a while for your financing options to be approved, so we’ll also schedule a return appointment where we can finalize everything.

7. **Complete and Submit Your Forms**
   Finally, you will fill out any paperwork needed and submit your forms to your Student Finance Planner for processing.

A WYOTECH EDUCATION IS VALUED BY LEADING EMPLOYERS

Employers know WyoTech graduates have more practical experience to offer. And they’re looking for WyoTech graduates whose skills and knowledge set them apart.

- WyoTech works with some of the largest and most prestigious employers in the industry.
- Strong employer networks can mean more stable career opportunities with greater job satisfaction and better long-term wages and benefits for WyoTech graduates.
- Graduates are sought after for their skill and professionalism.

WYOTECH TRAINING TRANSFORMS ENTHUSIASTS INTO PROFESSIONALS

WyoTech instructors are industry professionals themselves, so they know what it takes to succeed, not just in terms of technical skills and knowledge, but also the day-to-day conduct that distinguishes a real pro. They use this expertise to help transform passionate students into pros.

- WyoTech programs are designed to ensure students master the skills and technical knowledge needed to succeed in their chosen careers.
- Class and hands-on shop time teach high standards of proficiency.
- Instructors share their personal experiences of what really happens every day in a chosen career, so students are fully prepared.
- Students also learn important non-technical skills needed to succeed, such as how to dress, the language of a professional, and behavior expected on the job.

WYOTECH SPECIALISTS HELP YOU EXPLORE ALL YOUR FINANCIAL OPTIONS

Many WyoTech families are initially concerned about the cost of quality technical training. It’s our mission to make a WyoTech education possible for every student. That’s why a personal WyoTech guide will work with you to review the many financing options available and choose those that are right for your family, including:*  

- Cash Payment
- Federal Subsidized and Unsubsidized Stafford Loans
- Federal Pell Grants
- Parent Loans for Undergraduate Students (PLUS)
- Federal Supplemental Educational Opportunity Grants (FSEOG)**
- Federal Work-Study (FWS)**
- Federal Perkins Loans**
- Alternative Loan Programs
- Institutional Payment Plans
- Private Loans

*Financial aid available for those who qualify. **Available at most locations.
4 QUALITY HOUSING MAKES WYOTECH A GREAT PLACE TO LIVE AND LEARN

There are a large number of communities that offer rental accommodations in the Daytona Beach area. These communities offer housing that is clean and affordable. WyoTech students can choose from:

- Apartments with other WyoTech students in neighborhoods convenient to school.
- Commute from home if you live close to campus.

No matter what your housing preference is, WyoTech will work with you to make sure your son or daughter has a comfortable, affordable home-away-from-home when they attend WyoTech.

5 WYOTECH HELPS GRADUATES GET STARTED ON A GREAT CAREER

A top WyoTech goal is to help your son or daughter get their career off to a good start after graduation. That’s why WyoTech Career Services works with them during school to prepare for and help them find that first job after graduation.

- Your son or daughter can meet prospective employers face-to-face at WyoTech on-campus career fairs and recruiting events.
- WyoTech helps students prepare their resumés and sharpen their job-interviewing skills.
- Both WyoTech students and graduates have access to all Career Services, including:
  - National job search database
  - Employer visits and career fairs
  - Interviewing techniques
  - Resumé development and distribution
  - Job postings
  - Help setting up interviews
Ready to start training for a new career? Ready to master the skills needed for today’s technical professions? If so, we’re ready to welcome you to WyoTech! Your WyoTech representative will go over everything you need to enroll. But here’s a checklist to get you started:

- **Application/Enrollment Agreement**
  Needs to be completed and signed with your WyoTech admissions representative.

- **Deposit**
  Deposits are required. Ask your WyoTech admissions representative for details.

- **Your Federal Financial Aid Application**
  We encourage all students and their parents to apply for federal financial aid. Your WyoTech guide will help you obtain a PIN and review the forms to start the application process. Financial aid is available for those who qualify.

- **Work with Your WyoTech Guide Before You Start Your Training**
  Have questions or need assistance before you start school? Your WyoTech guide is the first person you should contact. Your WyoTech guide will be calling you throughout this enrollment period, but feel free to contact them with anything you’d like to discuss.

- **Additional Information Coming**
  After your application has been accepted, you’ll start to receive more information about the campus you’ve selected. Make sure you keep an eye out for your WyoTech “Welcome Kit” and additional information.

**WELCOME TO THE WYOTECH TEAM!**
WE LOOK FORWARD TO MEETING WITH YOU AGAIN!
